Ali Almalki

RECENT DATA SCIENCE GRADUATE

Profile

A Recent MSc Data Science Graduate from the University of Bristol and a dedicated, determined, and hardworking individual that is actively learning and always motivated and eager to acquire new knowledge and skills in the field of Data Science. My diverse project portfolio demonstrates my experience within all aspects of the data analysis pipeline, including data collection, preparing and processing large scale and complex data sets, analysis and visualisation. Committed to helping organisations advance by helping them to develop strategic plans based on predictive modelling and findings.
